

Toppie home learning

Year 1: Carnival of the Animals

Home learning will be set on a Monday and to be completed by the following Monday. We would like you to complete your learning online for spelling and maths

Reading Please continue with your daily reading, for at least 10 minutes and record this on Boom Reader. Please ensure there is lots of discussion around all reading. Please ensure the reading record comes to school daily so we can keep a record of how much your child has read and to know if a book is completed so that it can be changed.

Week beginning	2/3/26	9/3/26	16/3/26	23/3/26	30/3/26
-----------------------	--------	--------	---------	---------	---------

These are chosen from the Year 1 common exception words that children are required to know in order to achieve the expected standard at the end of Year 1. These can be practiced in a practical way. Please ensure correct letter formation if recording.	to	was	come	friend	love
	today	we	some	full	have
	they	were	one	here	give
	there	where	once	house	live

Maths
Have a go at the game for each week

Please practice these important number skills:
 Correct number formation and correcting reversals.
 Number bonds to 5, 6, 7, 8 and 9
 Counting forwards and backwards to 100 (starting from any number).
 One more one less questions.

Expedition

All the following home learning activities are optional, please chose one or two per week (in any order) to enjoy! We would love to see your creativity and how you interpret each task. You are more than welcome to bring in anything you make to put up on our expedition display area.

Create a photo collage of all the animals found in a habitat of your choice.	Using a map, show your family where different habitats of the world are. What are the climates like and why?	When playing outside or when going for a walk, make it fun by travelling like different animals. Run fast like a cheetah, bounce like a kangaroo or go slow like a tortoise.
If you could be any animal, what would it be and why? Write down your ideas.	Design and make a junk model animal. What materials will you use?	Write a prayer to show thanks for all the amazing animals and wildlife.
